Our Sunday School Classes could have a contest to see who could provide the most food. It doesn’t take much to purchase an extra can or two when we go shopping but it really helps to feed the hungry especially the children.

STOP HUNGER NOW is an international hunger relief organization that coordinates the distribution of food and other life-saving aid around the world. It is driven by a vision to end world hunger in our lifetime and a mission to provide food and life-saving aid to the world's most destitute and hungry.

The Western North Carolina United Methodist Conference is sponsoring this and is asking churches to donated money to help with this project. The Searchers Class will be sending \$100.00 for this project and challenge all other classes and groups in the church to match this amount.

At the same time, I challenge each of you to remember that Pine Grove United Methodist is in the middle of the International Heifer Project. The ark program offers real life solutions to world hunger and shows that our church can make a difference in today's world with the four week daily missions giving program. Heifer animals can provide children with milk, eggs, or meat, income for housing, health care, school fees and other needs.

The Heifer Project is also a United Methodist Project and the goal for our church is to purchase enough animals for the ark to make a difference in someone's life. Our goal is for \$5,000.00 to launch the Ark. We will have a special ceremony on the first Sunday in June if we reach that \$5,000.00 mark.
